

January

January 22, 2018

Dear Parents,

Friendship Circle

This is a reminder that we will be going to Friendship Circle tomorrow. Please remember to bring a cold lunch including a drink and all needed utensils. Just a friendly reminder that there is no refrigeration and no heating available for us to use. Sandwiches seem to be the best lunch for students on our trip.

Our lesson is titled Customer Appreciation Day. This lesson allows students to navigate through the Village following one of three schedules. The students will be offered items as part of Customer Appreciation Day. Students will practice making choices or declining offers when asked if they would like an item. Students will also practice making purchases including money handling and counting as well as continued practice following their schedule and practice interacting with other. The lesson focuses on communicating and responding to questions, problem-solving and social skills, self-advocacy and money management.

Early Release Wednesday

Our NEXT early release day is scheduled for this **Wednesday January 24, 2018**. Students will be dismissed at 1:55 p.m. Please expect your student home early. I have to attend a meeting at another building and will NOT be available after dismissal.

English Language Arts

Personal Information: Students have been working on memorizing and writing their personal information. Everyone is at a different level and pacing. Staff work with students individually to help improve their skill in this area.

Our ELA small groups will be in full swing this week.

Letter Group: The focus for this group is on the letter Gg. The students will work on improving their identification skills, letter sound skills, tracing/writing skills, and identification fluency.

Pre-Primary Group: The focus will be on the DOLCH sight word pre-primer list with a focus on the word “find”.

Both of these groups will work in identifying the letters, sequencing the letters in their word, improving reading fluency by reading sentences or passages with their letter or word of the week in it, creating sentences including the word of the week, writing in sand and shaving cream, stamping their notebook, and rainbow writing in their notebooks. We keep copies of our fluency passages in our notebooks as well as send them home. I encourage you to read over the passages with your student.

Small group instruction will take place with Mrs. Sloan (Pre-Primary) and with Mrs. Jasinski (Letter Group).

Math

This week, we will continue to learn how to use a calculator to solve addition problems. We will be working on this skill in the classroom. Homework will include using touchpoints to add numbers and then checking addition using a calculator. I will send home calculators for students to use to practice their addition skills, but ask that you please ensure that the calculators are returned on a daily basis with your student. We will need them in class.

Calculator skills allow students the opportunity to develop a variety of math skills and strategies to perform simple addition and subtraction. Memorizing math facts will be difficult for many students, but knowing how to perform a skill because he/she has been taught various strategies to perform said skill will increase success and retention.

We will also practice counting one-dollar bills to match the price on a price tag or use the next dollar strategy to color the correct number of dollars.

Touch Points

Time to the Hour

The students are making very good progress with this skill during our math time. I will continue to teach this skill in class as well as include it with homework. Our current focus is just on telling time to the hour including identifying the parts: the face, the numbers, the hour hand (the short hand), and the minute hand (the long hand). We have discussed how the hour hand is shorter and that it is pointing to the number that is the hour. We have only discussed the minute hand in that when it points to the 12 that it means :00 minutes. We will continue to focus on this skill daily.

Remind

If you have not had the opportunity to sign up for Remind text messaging services you still can. ***You can sign up by texting @6fa2ea6 to the number 81010 and you will be added to my class list.*** I use this service to keep you informed of upcoming activities, reminders of early release dates, and other quick messages. I know that families who have signed up in the past appreciated having the service as an option to them. It can be easier than an email and paper notes. I have sent out several Remind texts so far this year. I have one scheduled for tomorrow night at 6:00 p.m. Please look for it if you are signed up. Let me know if they are not reaching you and you have signed up for the service.

Cooking

We will be cooking hot lunch on Thursday January 25, 2018. The cost to each student is \$3.00. ***Lunch money is due next WEDNESDAY January 24, 2018 so that I can purchase the correct amount of food for those participating on Wednesday Evening.*** Students who pay by Wednesday will cook and eat our classroom lunch on THURSDAY. Students who do not contribute or do not care for the food served will need to bring a lunch from home or get their lunch from the cafeteria as he/she would normally do during the week.

We will be making student choice of chicken tacos with a choice of corn taco shells , salad, cooked green beans, strawberry and red grape fruit salad, and lemonade. Please contact me with any questions or concerns.

IEPTS

As IEPT dates start to approach I will be contacting you to schedule your student's IEPT. I was hoping to have all IEPTS done by the end of March but am finding due to circumstances outside of my control that we will hold them in April and May. My intention was to have them completed prior to Spring Break as we have to give the state MI-Access test to all students in April and May. The state tests take up a great deal of class time as well as require a great deal time outside of the school day preparing materials to give the test and document work with the testing materials. I will contact you as the time approaches to schedule your student's IEPT.

Class Website and Emailing Newsletter

The class website is up and running. The web address is: <http://moci.weebly.com> You will be able to view the weekly newsletter, monthly calendar, permission slips, classroom blog, web site links, and photos on this website. It is a continual work in progress.

Dates to Remember

- January 23, 2018.....Friendship Circle. Bring a lunch and drink from home.
- January 24, 2018.....Cooking Money Due: \$3.00
Early Release Students will be dismissed at 1:55 p.m.
- January 25, 2018.....Cooking Lunch.

Jobs for this week

Mrs. Jasinski supervising:

Wash Dishes/Wash Laundry/Pass Newspaper/AM Messages	MaKayla
