

January

January 29, 2018

Dear Parents,

Parent Teacher Conferences

I did send home a conference survey with each student last week. I have only received a handful of survey requests back. Appointment times are being sent home today. Please sign and return the form in order to confirm your appointment time. Conferences are scheduled for Thursday February 8, 2018. **Conferences will be held in the classroom.** Most conferences are back-to-back so your timeliness is most appreciated.

If you did not schedule a conference and decide you would like a conference time then please contact me so that I can schedule you in an open time slot.

Guest Teacher

I will be out of the classroom on Friday February 2, 2018 in order to join my daughter at her school for Special Persons Day. Mrs. Gardner will be the guest teacher for the day.

Please remind your student that best behavior is expected for the guest teacher. I will remind the students as well. I will also be leaving awards that the guest teacher can choose to pass out as they are earned. **If you need to get a message to your student then please call the classroom (586-285-8858) and be certain to speak to a staff member especially if your student is going home some other way than the bus. You can always call the school office and leave a message with one of the secretaries (school office 586-285-8800). Voice Mail Messages are NOT reviewed when I am absent. Thank you.**

English Language Arts

Personal Information: Students have been working on memorizing and writing their personal information. Everyone is at a different level and pacing. Staff work with students individually to help improve their skill in this area.

Our ELA small groups will be in full swing this week.

Letter Group: The focus for this group is on the letter Hh. The students will work on improving their identification skills, letter sound skills, tracing/writing skills, and identification fluency.

Pre-Primary Group: The focus will be on the DOLCH sight word pre-primer list with a focus on the word "for".

First Grade Word Group: The focus will be on the DOLCH sight word pre-primer list with a focus on the word "an".

All of these groups will work in identifying the letters, sequencing the letters in their word, improving reading fluency by reading sentences or passages with their letter or word of the week in it, creating sentences including the word of the week, writing in sand and shaving cream, stamping

their notebook, and rainbow writing in their notebooks. We keep copies of our fluency passages in our notebooks as well as send them home. I encourage you to read over the passages with your student.

Small group instruction will take place with Mrs. Sloan (Pre-Primary and First Grade Word work) and with Mrs. Jasinski (Letter Group).

Math

This week I will be introducing subtraction using picture symbols to the students. Students will learn how to cross off the pictures that are being taken away from the group and how to count the remaining pictures to obtain an answer. We will work on the skill in the classroom and students will complete a similar page for homework. Students will learn how to use the calculator to solve subtraction problems in order to check their answers.

Homework will include using pictures to subtract numbers and then checking subtraction using a calculator. I will send home calculators for students to use to practice their subtraction skills, but ask that you please ensure that the calculators are returned on a daily basis with your student. We will need them in class.

Calculator skills allow students the opportunity to develop a variety of math skills and strategies to perform simple addition and subtraction. Memorizing math facts will be difficult for many students, but knowing how to perform a skill because he/she has been taught various strategies to perform said skill will increase success and retention.

We will also practice counting one-dollar bills to match the price on a price tag or use the next dollar strategy to color the correct number of dollars.

Touch Points

Time to the Hour

The students are making very good progress with this skill during our math time. I will continue to teach this skill in class as well as include it with homework. Our current focus is just on telling time to the hour including identifying the parts: the face, the numbers, the hour hand (the short hand), and the minute hand (the long hand). We have discussed how the hour hand is shorter and that it is pointing to the number that is the hour. We have only discussed the minute hand in that when it points to the 12 that it means :00 minutes. We will continue to focus on this skill daily.

Remind

If you have not had the opportunity to sign up for Remind text messaging services you still can. ***You can sign up by texting @6fa2ea6 to the number 81010 and you will be added to my class list.*** I use this service to keep you informed of upcoming activities, reminders of early

release dates, and other quick messages. I know that families who have signed up in the past appreciated having the service as an option to them. It can be easier than an email and paper notes. I have sent out several Remind texts so far this year. I have one scheduled for tomorrow night at 6:00 p.m. Please look for it if you are signed up. Let me know if they are not reaching you and you have signed up for the service.

Cooking

We will be cooking hot lunch on Thursday February 1, 2018. The cost to each student is \$3.00. ***Lunch money is due next WEDNESDAY January 31, 2018 so that I can purchase the correct amount of food for those participating on Wednesday Evening.*** Students who pay by Wednesday will cook and eat our classroom lunch on THURSDAY. Students who do not contribute or do not care for the food served will need to bring a lunch from home or get their lunch from the cafeteria as he/she would normally do during the week.

We will be making penne pasta, salad, cooked green beans, strawberry and red grape fruit salad, and lemonade. Please contact me with any questions or concerns.

IEPTS

As IEPT dates start to approach I will be contacting you to schedule your student's IEPT. I was hoping to have all IEPTS done by the end of March but am finding due to circumstances outside of my control that we will hold them in April and May. My intention was to have them completed prior to Spring Break as we have to give the state MI-Access test to all students in April and May. The state tests take up a great deal of class time as well as require a great deal time outside of the school day preparing materials to give the test and document work with the testing materials. I will contact you as the time approaches to schedule your student's IEPT.

Class Website and Emailing Newsletter

The class website is up and running. The web address is: <http://moci.weebly.com> You will be able to view the weekly newsletter, monthly calendar, permission slips, classroom blog, web site links, and photos on this website. It is a continual work in progress.

Dates to Remember

- January 31, 2018.....Cooking Money Due: \$3.00
Early Release Students will be dismissed at 1:55 p.m.
- February 1, 2018.....Cooking Lunch.
- February 2, 2018.....Mrs. Sloan will be absent. Mrs. Gardner will be the guest teacher.

Jobs for this week

Mrs. Jasinski supervising:

Wash Dishes/Wash Laundry/Pass Newspaper/AM Messages	Gavin
Pass Journals/Dry Dishes/Spray & Wipe Doorknobs/lights	MaKayla
Wipe kitchen tables & counters/Make Ice Packs/wipe windows & Mirrors	Nick

Mrs. Villasurda supervising:
